

## Maps

- 1** Look at the symbols. What do they mean?  
Label them with these words.

forest    hill    picnic area    cave    lake  
field    camping area    town    view point

- 2** Work with a partner. Play a game. Put five symbols in your grid. Don't show your partner. Take turns to ask and answer questions about the grids.

*Example:*

**A:** Is there anything in B3?

**B:** Yes, there's a cave. Is there anything in A2?

**A:** No, there isn't.

- 3** Look at the sentences. They describe the map, but there are mistakes in them. Find the mistakes and correct them.

- The mountains are to the west of the lake.
- The forest is to the south of the river.
- The tower is on top of the cave.
- The field is to the east of the river.
- The path ends in the lake.
- The bridge is to the north of the cave.

- 4** Draw your own map. Take it in turns to describe your map and draw your partner's map.
